CEDUNA DISTRICT HEALTH SERVICES

2019 Registered Midwife

Transition to Professional Practice Program (TPPP)

About the Ceduna District Health Services:

The Health Service is a modern 22 bed facility that provides a range of acute clinical services including accident & emergency, medical, surgical, obstetric, palliative, renal dialysis & 29 bed residential aged care service. Services also include primary health care, community health Nursing, General practice and Dental.

The Hospital services a population in excess of 4,000 people.

What does the TPPP look like at The Ceduna District Health Service?

Ceduna District Health Services offers a comprehensive Transition to Professional Practice Program (TPPP) for Midwives in a continuum of care Midwifery Team Model. The program is designed to assist in the transition from student Midwife to an independent professional in a supportive environment. The program is based upon individual learning aims and is tailored to the individual's goals. The program is supported through a mentoring program
Our diverse and supportive program offers;

- Comprehensive induction
- A Clinical Supervisor and mentors
- Ongoing clinical development
- Paid staff development time
- Flexible work conditions and family friendly initiatives
- 0.8 Full time equivalent (FTE) over a 7 day roster on a 12 month contract
- Diversity of clinical experience.

We believe Transitional to Professional Practice midwives are our future workforce and participants may be offered ongoing career opportunities following successful completion of the TPPP. The start date for the program is expected to be 4th February 2019.

If you are also a new Registered Nurse and interested in applying for the combined Registered Nurse and Registered Midwife TPPP please contact us for more information and indicate this on your application. This program gives graduates new to both the nursing and midwifery professions support as they start their career.
