

SA HEALTH 2019 EVIDENCE TO SUPPORT TPPP RN PRIORITIES FOR APPOINTMENTS:

All candidates are required to upload evidence of which SA Health's priority group you are in. Only the documents listed below will be accepted – if you fail to provide relevant evidence it may affect which priority group you are placed in. You must upload this evidence with your application – additional documents will not be accepted after applications have closed. Please provide copies of original documents – the copies do not need to be certified.

In some of the categories you may be required to provide evidence of more than one document - please note you can only upload one file so if you have multiple documents you need to copy and save them as one file and then upload that file.

Where you are required to provide a valid photo identification (apart from a Passport) only one of the following forms of photo identification will be accepted: Australian Driver's License, Tertiary student identification card, or other Government photo identification card or Proof of Age card. **SA Health will not accept** a photograph taken on your own device – it must be a photo with appropriate identification.

Please note: if you were born in Australia after 1986 of parents who were born overseas there are conditions applied by the Department of Home Affairs on Australian citizenship. If you fall within this category please check, before completing your SA Health online application, with the [Department of Home Affairs](#).
